

SOUTHERN MOST AIDS/HIV RIDE 6

Benefiting: AIDS Help, Inc., Broward House, Hug Me Program, The Center for Positive Connections, Inc., Metropolitan Charities, Inc.

The Smart Ride 6: 2 Days, 165 Miles, Miami to Key West January 8 - 9, 2010

June 1, 2009

Dear

It isn't often in life that one gets a chance to alter the status quo, to make a difference. This year I have taken on an exciting challenge, one that will not only change my life, but the lives of others in the State of Florida.

Over the course of two days this coming January, I will ride my bicycle from Miami to Key West, 165 Miles and join hundreds working together to raise awareness and much needed funds to help those whose lives are touched by HIV/AIDS.

I chose to join the SMART Ride because 100% of everything I raise with your help will go to our benefiting HIV/AIDS Service Organizations. In the past 5 years, a cumulative of 10 riding days, more than 825 miles ridden, The SMART Ride has raised and returned more than \$1.75 Million, a full 100% of what the participants have raised.

I have set an aggressive goal of raising more than the required \$1250 with your help. Enclosed is a pledge form, please help me, help others, from our youngest living with Pediatric AIDS to those just struggling to choose between paying for medication and basic necessities.

For more information, to join me on this incredible journey for life, as a rider or volunteer, please visit www.thesmartride.org. You can even pledge safely on line at this same address! If you chose not to pledge online, please send checks made out to The SMART Ride to the address at bottom of page.

Once again, I appreciate your kindness, generosity, and support.

Sincerely,

Your Name
